Tags

General Plan Update, Housing Element, Inventory, Alternative 19, Board Alternative, Proposed Project

Summary:

The purpose of this layer is for planners, property owners and potential developers to be aware if a property or projects they own or are purchasing has been identified by the 2005 2010 Housing Element as a site that is available for multi-family (15 dwelling units/acre and higher) under either the existing General Plan or General Plan Update. These sites have been identified, and a goal for 80% yield has been established.

Feature Type: Polygon

Number of Records: 167

Publication Date: 2020-06-29

Date of Data (Temporal Period Extent): 2020-06-29 to

Extent: San Diego Unincorporated Area

Extent in Longitude Latitude

North 33.388941
West -117.258921 **East** -116.760108
South 32.663343

Extent in the item's coordinate system

North 2085532.416842
West 6253699.380284 **East** 6404676.605838
South 1822613.148068

Description:

These data were developed to show which parcels have been included in the 2005 2010 housing element, a part of the General Plan Update. These parcels are in the inventory in accordance with the General Plan Update.
