Community and Regional Trails, 1/4 mile planning corridor, trails, pathways, County of San Diego, Community Planning Group

Summary:

This layer was created to show proposed trails shown on community trails maps contained in the Community Trails Master Plan or on the Regional Trails Map in the Public Facilities Element depicting corridors of general alignments, along with attribute information to assist in community and regional trail planning. The term "general alignment" is used to describe the general location of a future trail within a designated corridor. The specific alignment will be determined at the time of actual acquisition, implementation and/or construction. The designated corridor is usually, but not always, considered to be one-quarter mile wide. The concept of a general alignment is especially useful in planning to allow for design adjustments, accommodate extreme topographical or other site specific constraints, and input from land owners when determining the final and precise trail location. rroup and/or Community Sponsor Group in which the trail segment falls.

Feature Type: Line

Number of Records: 3384

Publication Date: 2022-03-28

Date of Data (Temporal Period Extent): 2022-03-19

Extent: San Diego County

Extent in Longitude Latitude

North 33.450611
West -117.597039 **East** -116.080718
South 32.530447

Extent in the item's coordinate system

North 2107585.000037
West 6150765.771836 **East** 6613301.499978
South 1775408.267410

Description:

The County Trails Program, which encompasses both regional and community trails, involves trail development and management on public, semi-public and private lands. Regional trails, which span long linear distances crossing multiple communities and function as the backbone for community trails networks, are retained in the Public Facilities Element of the County General Plan. This General Plan (GP) element also contains a description of the County Trails Program and the countywide goals and policies that apply to all County trails. Community trails primarily serve local needs and are contained in the Community Trails Master Plan (CTMP) which is not included in the General Plan but will serve as an independent planning document and tool for implementing both community and regional trails.

Fields:

Overview:

Proposed trails shown on community trails maps contained in the Community Trails Master Plan or on the Regional Trails Map in the Public Facilities Element depicting corridors of general alignment

TYPE_ indicates type of trail (trail or pathway)

USE_ is Trail Use

SUBUSE is trail sub use

STATUS is trail status

ACCESS indicates if trail has public or private accessibility

CLASS indicates community or regional trail

LANDOWNER are land ownership categories

TRAILOWNER are classification codes for the entity responsible for construction and maintenance

TYPEOWNER are classification codes for the type of access permitted by owner

MAINTNAME is the Trail name used for maintenance purposes, if different from trail name.

TRAILNAME is the name of the trail

REGIONAL indicates whether trail is part of a Regional Trail System.

SYSTEM_ is the name of Regional Trail System, if applicable.

NUMBER_ is an alphanumeric code of Trail or Pathway, used for planning purposes.

Corresponds to planning documents

CPASG_NAME is the Community Planning Area, Community Planning Group and/or Community Sponsor Group in which the trail segment falls.

__FID (OID)

Internal feature number.

OBJECTID (Double)

Internal feature number.

TYPE_ (String)

Indicates a trail or pathway (a pathway is a trail within public road rights-of-way)

T, trail

P, pathway

USE_ (String)

Trail Use where:

N, Non-Motorized

M, Motorized

J, Joint-Use

SUBUSE (String)

A letter or combination of letters defining the subuse or subuses of the trail or pathway where:

B, Bike

H, Hike

E, Equestrian,

CSG,

CSL,

E,

EXS,

TBD, To Be Determined

STATUS_ (String)

Indicates existing or proposed

EXS, Existing
 PRO, Proposed
 PLN,

ACCESS_ (String)

Indicates public or private access

PRV, Private
 PUB, Public
 TBD, To Be Determined
 TND,
 U,

CLASS_ (String)

Indicates community or regional trail

C, Community Trail
 R, Regional Trail

LANDOWNER (String)

Land Ownership: County, Municipal, State, Federal, Quasi-public, Private, Reservation (Indian)

C, County
 F, Federal
 M, Municipal
 P, Private
 Q, Quasi-public
 R, Reservation (Indian)
 S, State

TRAILOWNER (String)

Entity responsible for construction and maintenance

C, County
 F, Federal
 M, Municipal
 N, Undetermined (contact County Trails Program Coordinator)
 P, Private
 Q, Quasi-public
 R, Reservation (Indian)
 S, State
 W, Water District

TYPEOWNER (String)

Type of Access

This field is no longer maintained, abandoned early-on in project lifecycle.
 Any values should be considered irrelevant.

MAINTNAME (String)

Trail name used for maintenance purposes, if different from trail name.

TRAILNAME (String)

Name of trail

MILES (Double)

Length (in miles) of trail or pathway segment.

REGIONAL (String)

Indicates whether trail is part of a Regional Trail System.

SYSTEM_ (String)

Name of Regional Trail System, if applicable.

Shape (Geometry)

Feature geometry.

Number_ (String)

An alphanumeric code of Trail or Pathway, used for planning purposes.
Corresponds to planning documents

CPASG_NAME (String)

Name of the Community Planning Area, Community Planning Group and/or
Community Sponsor Group in which the trail segment falls.

Shape_Leng (Double)
