Summary:

This GIS layer, prior to its update and replacement, formerly represented the Land Use Element of the County of San Diego General Plan, at one time assisting County Staff in planning and implementation of General Plan, identifying the general location and intensity of housing, business, industry, open space, education, public buildings and grounds, waste disposal facilities and other land uses, while accommodating for population growth and influencing its distribution in order to: protect and use scarce resource wisely; preserve the natural environment; provide adequate public facilities and services, efficiently and equitably; assist the private sector in the provision of adequate, affordable housing and promote the economic and social welfare of the region.

Feature Type: Polygon

Number of Records: 2375

Publication Date: 2017-06-13

Date of Data (Temporal Period Extent): 2014-10-20

Extent: San Diego County

Extent in Longitude Latitude

North 33.511553
West -117.597986 **East** -116.080156
South 32.545734

Extent in the item's coordinate system

North 2129759.999902
West 6150763.821001 **East** 6613436.999968
South 1780970.819096

Description:

This layer exists for historic purposes only. It has been updated and replaced by CMTY_GENERAL_PLAN_CN, that is the current representation of the Land Use Element of the County of San Diego General Plan. The Land Use Element provides a framework to accommodate future development in an efficient and sustainable manner that is compatible with the character of unincorporated communities and the protection of valuable and sensitive natural resources. This layer and its associated spatial and tabular components is representative of the Land Use Element of the County General Plan. Originally digitized from the hand-scribed source map by DLU-GIS in 1997, It has been in continuous maintenance ever since. For a comprehensive description of the County of San Diego General Plan, and the associated Land Use Element, refer to: <http://www.sdcountry.ca.gov/pds/generalplan.html> County of San Diego General Plan originally adopted January 3, 1979 and amended January 11, 1995. Replaced by the new General Plan, adopted August 3, 2011.

Fields:

Overview:

This GIS layer, prior to its update and replacement, formerly represented the Land Use Element of the County of San Diego General Plan.

Attributes include regulations for specific uses, descriptions, and general plan amendment information if applicable.

CPASG is 6 digit- code representing the CPA in which the polygon resides in

CPASG_NAME is name of Community Planning Area or Sponsor Group

PLOTNAME is the name of the CPA, used in mapbooks and AMLs

GPCODE95 is the General Plan Designation number

GPCODE_DES is the General Plan Designation description.

ADOPTDATE is the date the GPA was passed.

CASE_NO is the General Plan Amendment number.

SPA_LABEL is the name of the is Specific Plan Amendment for labeling purposes.

__FID (OID)

Internal feature number.

CPASG (Integer)

CPASG is 6 digit- code representing the CPA in which the polygon resides in.
