

## CONSERVED\_LANDS

### Tags

Conserved Land, San Diego, Open Space, Protected Areas, Natural Communities Conservation Program

### Summary:

To provide a comprehensive inventory of the land in the region that is conserved for the purpose of protecting the open space and natural habitats including lands inside and outside of NCCP areas. Conserved lands are those lands that are legal conveyed to: Protect natural habitats, species, and open space (including agricultural lands that are important components of the regional habitat preserve design); Contribute to the existing and planned regional habitat preserve system; and Managed to protect the open space or natural resources into the future.

**Feature Type:** Polygon

**Number of Records:** 10741

**Publication Date:** 2022-12-20

**Date of Data (Temporal Period Extent):** 2022-12-20

**Extent:** Updates are accurate up to 12/20/2022

#### Extent in Longitude Latitude

**North** 33.511220  
**West** -117.597984    **East** -116.080176  
**South** 32.530161

#### Extent in the item's coordinate system

**North** 2129638.999892  
**West** 6150762.641265    **East** 6613431.000047  
**South** 1775304.094062

### Description:

This database maintains polygon information on parcels that are conserved for the purpose of protecting the open space and natural habitats in San Diego County. For each property, the database provides the preserve's name, owner, and

manager along with more detailed land information where available.

## Credits:

SANDAG Technical Services - GIS

## Use Limitation:

This database should not be used as a primary source of information on conserved lands. This database is a compilation of multiple primary sources.

## Topics and Keywords

Topic Categories: Environment

Themes:

Conserved Lands, Protected Areas, Preserves, Habitat

Places:

San Diego County

## Resource Details:

Status: On Going  
Type: Vector  
Update Frequency: Biannually  
Next Update: Not specified

## Spatial Reference System:

Type: Projected  
Reference: GCS\_North\_American\_1983  
Projection: NAD\_1983\_StatePlane\_California\_VI\_FIPS\_0406\_Feet  
Identifier: 2230  
Codespace: EPSG  
Version: 5.3(9.0.0)

## Distribution Ordering Instructions:

Visit the SANDAG GIS Downloads page at:

[http://www.sandag.org/index.asp?  
subclassid=100&fuseaction=home.subclasshome](http://www.sandag.org/index.asp?subclassid=100&fuseaction=home.subclasshome).

Click the orange-highlighted text "Regional GIS Data Warehouse". Enter your email and password (or register as a new user). This dataset, labeled "Conserved\_Lands", is available for download under the "Ecology" category.

## Fields:

### **\_\_FID (OID)**

Internal feature number.

### **Shape (Geometry)**

Feature geometry.

### **LandID (Integer)**

Unique Identifier for individual polygons. Automatically generated.

### **Jurisdicti (String)**

The jurisdiction in which the property falls.

### **GenOwn (String)**

Property owner information generalized to federal, state, city, non-profit, joint, or private

### **PropertyNa (String)**

The name given to the piece of conserved land

### **OwnName (String)**

The current owner of the property.

### **Status (String)**

Indicates whether a parcel is currently conserved or pending conservation.

### **ConsDate (Date)**

The date the parcel was officially conserved.

### **ConsType (String)**

The mechanism which conserved the property.

### **PublicAcce (String)**

Indicates whether or not there is public access to the parcel

### **PARCELID (Integer)**

Parcel ID taken from the official Parcels database.

### **MgtResp (String)**

The agency or group responsible for ensuring proper management of the property.

**MgtAgency (String)**

The agency or group actually implementing the property management.

**MgtPlanDat (Date)**

The date when the management plan was adopted

**MgtPlanFun (String)**

The agency or group which funded the management plan for the property.

**MgtPlan (String)**

Indicates whether or not there is a management plan in place for the property.

**InfoSource (String)**

The source used to populate the attributes in the conserved lands database.

**Acres (Double)**

GIS calculated acreage of the parcel.

**APN8 (Integer)**

The corresponding APN number from the official parcels database.

**Metadata Last Update:** 2022-12-23
